## Nature inspiration

360° Virtual Showroom · [www.system-pool.com](http://www.system-pool.com)

La naturaleza ha sido y será una importante fuente de inspiración a la hora de crear nuestros productos, recogiendo y adaptando las formas naturales para hacerlas partícipes de nuestra vida diaria. Tanto en su evocación formal como en la conceptual la naturaleza esta presente en las series de KRION® baño. Finas líneas al servicio de un reflejo puro y sofisticado de la sencillez natural, congruente con la filosofía menos es más, nos transmiten el sosiego de no sucumbir a la eterna insatisfacción que nos genera la abundancia.

La utilización de KRION® 100% reciclable, no emisor de compuestos volátiles, avala el compromiso de SYSTEMPOOL con la naturaleza. KRION® es un material especialmente reparable, pudiendo recobrar continuamente su aspecto inicial, aumentando la vida útil del producto, reduciendo las necesidades de reposición y cumpliendo así con las condiciones de durabilidad recomendadas por las guías medioambientales internacionales.

Nature has been and will be an important source of inspiration when we create our products, compiling and adapting natural forms to make them participants of our daily routine. Nature is present in the KRION™ bathroom series, also in its formal and conceptual invocation. Fine lines at the service of a pure and sophisticated reflection of natural simplicity, congruent with the less is more philosophy, it transmits to us the calm of not succumbing to eternal dissatisfaction caused by abundance.

The use of 100% recyclable KRION™ that does not emit volatile composites, guarantees the commitment of SYSTEMPOOL with nature. KRION™ is an especially repairable material, being able to continuously recover its initial aspect, increasing the useful life of the product, reducing the need for replacement and that way meeting the conditions of durability recommended by international environmental guidelines.

La nature a été et sera toujours une importante source d'inspiration pour concevoir nos produits. Grâce à l'emploi et à l'adaptation de ses formes, nous les rendons partie de notre vie quotidienne. La nature est présente dans les séries de KRION® salles de bain aussi bien par l'évocation de ses formes que par son concept. Des lignes filiformes au service du reflet pur et sophistiqué de la simplicité de la nature, cohérent avec la philosophie du « moins, c'est plus » qui transmet cette sérénité de la certitude de ne pas succomber à l'insatisfaction éternelle que génère l'abondance. L'utilisation de KRION®, 100 % recyclable et sans émission de composés volatils, témoigne de l'engagement de SYSTEMPOOL en faveur de la protection de la nature. KRION® est un matériau notamment réparable, qui peut reprendre sans problème son aspect initial, augmentant la durée de vie du produit, réduisant les besoins de remplacement et remplissant ainsi les conditions de durabilité recommandées par les directives internationales environnementales.

# ARO SERIES

Las profundas formas cóncavas de los diferentes elementos de la colección Aro, que recuerdan a los boles de porcelana utilizados en este rito. Bajo esta premisa, estudi{H}ac redefine una tradición ancestral con un diseño moderno al que da forma un material tan innovador como el compacto mineral KRION® a base de líneas sutiles, naturales y limpias, concretadas en figuras semicirculares de tacto cálido.

The deep concave shapes of the different elements of the Aro collection are reminiscent of the porcelain bowls used in this ritual. Under this premise, estudi{H}ac redefines an ancestral tradition with a modern design which shapes the innovative material of the compact mineral KRION™, based on subtle, natural and clean lines in semi-circular forms which are warm to the touch.

Les profondes formes concaves des différents éléments de la collection ARO, qui rappellent les bols en porcelaine utilisés à l'occasion de ce rite. C'est dans cet esprit que estudi{H}ac revisite une tradition ancestrale avec un design moderne auquel donne vie un matériau aussi innovant que le minéral compact KRION® sur la base de lignes subtiles, naturelles et pures s'exprimant sous forme de figures semi-circulaires agréables au toucher.
